## Engines for Education (Paperback)

By Roger C. Schank, Chip Cleary

Taylor Francis Inc, United States, 1995. Paperback. Condition: New. New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Most six-year-olds can't wait to go to school on that first day in September. It's a sign of coming of age. They get to go to school like the big kids. For an alarmingly large number of these children, however, boredom, anxiety, and fear of learning quickly set in. This happens because societies build schools that achieve much less than they promise, are frustrating for students, and generally fail to help children become adults who can think for themselves. The development of flexible, inquiring minds has rarely been the primary consideration in the design of educational systems. Making students into proper members of society has usually been of much greater concern than developing students who are creative thinkers. Today's schools are organized around yesterday's ideas, needs, and resources. The purpose of this volume is to raise consciousness about the changes needed in the educational system. It is concerned with what is wrong with the educational system and how to improve it. It presents a pragmatic view of what education could be through the use of computer...

### Reviews

*The most effective publication i at any time read. We have study and i am sure that i will likely to read yet again once again in the foreseeable future. You will not truly feel monotony at anytime of your time (that's what catalogs are for about in the event you request me).*

-- **Mr. Rafael Hoeger**

*Very good eBook and valuable one. This is for anyone who statte that there was not a worth reading. You will not truly feel monotony at at any time of your own time (that's what catalogs are for concerning if you question me).*
