Most are Science-Fiction, a few are weird tales written to tantalize the imagination. Could we be living in a video game? What would you do if you found alien poop in your neighborhood park? What would you wish for if you were granted only one? What if an alien offered to solve our global warming crisis? Would you be willing to sell your soul? Would you go back in time to save the one you love? What kind of test would you use to identify an alien posing as human? These are a few of the questions pondered in Passing Strange.
