WIND UP HEARTS (PAPERBACK)

Helium Books, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. If one s heart is constructed of metal and considered indestructible, can love and romance still find a place within? That is the question facing Henry Thackery who spends over a hundred years pursuing the woman of his dreams - Emily Harding. After Henry and Emily become recipients of the Merganthol Circulatory Assistance Device, we follow their journey from 1875 to the present day and Henry s unflinching quest to convince Emily (the love of his life) to become his bride. Will Henry be successful in his pursuit of love or will Emily ultimately break his indestructible heart? A tale of romance more than science fiction, The Wind-Up Heart will tug at the strings of your heart whether it be mechanical or made of muscle and tissue.
