

A Place of Healing: Working with Nature and Soul at the End

By Michael G. Kearney

Spring Journal. Paperback. Book Condition: new. BRAND NEW, A Place of Healing: Working with Nature and Soul at the End, Michael G. Kearney, In this companion volume to "Mortally Wounded: Stories of Soul Pain, Death, and Healing" palliative care specialist Dr. Michael Kearney demonstrates that while the medical model has undoubted strengths in easing pain, it is limited in its ability to alleviate the psychological and spiritual suffering that often accompanies terminal illness. Complementing physical treatment with such depth approaches as dream-work, poetry, divination, and a revitalised connection with nature, Kearney allows us to begin to integrate scientific and psychological metaphors. Through research and imaginative reconstructions of the mythology and rites of ancient Greek Asklepiian healing, Kearney helps us envision a way of recognising and caring for the soul in its most critical moments. He offers suggestions for workshop activities along with case histories from his own experience. He concludes by proposing a new model for the healing of suffering which draws on the best practices of both the medical and Asklepiian traditions.
