Createspace Independent Publishing Platform, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In the Satanic tradition laid down by Anton LaVey is the concept of lesser magic which is the use of one's own wile and guile to deceive and manipulate other people into doing what you desire of them or getting what you want from them. It is into this category that Satanists place the occult practice of Tarot-at worst a confidence game and parlor entertainment, at best a method to shift perspective and purge anxiety-and it is from this perspective that nobody has ever treated Tarot. Until now: in the Satanic Tarot, all myths about fortune-tellers and the kind of people who seek them out are laid bare, the practice of fortune-telling is revealed for what it is (both in its strengths as well as its weaknesses), and a never-before seen method for interpreting the 78 cards of the Tarot fully rooted within the principles of The Satanic Bible is taught in exacting detail. The Satanic Tarot is a scathingly honest treatise on fortune-telling, and while many will call it depraved, some will recognize the undefiled wisdom that rests within its pages. Will you count yourself among those who dare to see?.
