Oxford Univ Pr, 2012. Taschenbuch. Condition: Neu. Neu Schnelle Lieferung, Kartonverpackung. Abzugsfähige Rechnung. Bei Mehrfachbestellung werden die Versandkosten anteilig erstattet. - Internet Crimes, Torts and Scams: Investigation and Remedies helps attorneys understand the increasing range of illegal and malicious internet activity and a similarly expanding number of response or enforcement options. Reflecting a 'real-world' dynamic, the book is problem-oriented and cuts across many practice areas including intellectual property enforcement, libel, third-party liability, forensics, and global jurisdictional issues. It will aid practitioners who need to identify not only the type of problem a client faces but how to investigate and best respond to protect a client's interests in any given situation. In Internet Crimes, Torts and Scams, Melise Blakeslee draws upon her extensive experience investigating and litigating internet-based legal problems to produce a unique and accessible book for any attorney advising a client on internet-related risks. Topics covered in this comprehensive text include: investigation techniques such as how to interpret email headers, global jurisdiction, investigation of counterfeiters, intellectual property, the problems of anonymity on the Internet, and preparation of complaints. Also included are extensive appendices, including ICANN complaints, motions, a list of online resources, and guidelines for the seizure of electronic evidence. In the Second Edition, all chapters have been thoroughly updated to reflect developments related to key word advertising, trademark infringement, and 'hot news.' New sections on quasi in rem jurisdiction, false light, and jurisdictional issues in trademark and copyright disputes have been added. In addition, there are new practice tips and updated appendices reflecting changes in ICANN rules for dispute procedures. 480 pp. Englisch.
