

Wentworth Hill s Examination Manuals, Vol. 2: Algebra (Classic Reprint)

Filesize: 3.6 MB

Reviews

If you need to adding benefit, a must buy book. I am quite late in start reading this one, but better then never. I am happy to inform you that this is the best book i have read through during my own lifestyle and can be he best publication for at any time.
(Mrs. Phoebe Schimmel)

WENTWORTH HILL S EXAMINATION MANUALS, VOL. 2: ALGEBRA (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Wentworth Hill s Examination Manuals, Vol. 2: Algebra This Manual consists of two parts: The first part contains one hundred and fifty examination papers, the questions for which have been selected mainly from the best English, French, and German collections of problems. These papers may be divided into three groups. The first fifty papers embrace the subjects of Elementary Algebra as far as Quadratic Equations; the next fifty papers also include Quadratic Equations and Radical Expressions; the last fifty papers extend over still more ground, including several topics usually regarded as belonging to Higher Algebra. In each of these groups the earlier papers will be found somewhat easier than the later ones. The papers are intended to be hour papers, but if any of them are thought to be too long for one hour, the time may be increased or the length of the paper reduced by omitting one or more of the questions. The second part of the Manual is a collection of recent papers actually set in various American and English institutions of learning. There are two ways in which the Manual may be used. First: To test the learner s knowledge in the usual way by means of an examination. For this purpose the class will come to the recitation-room provided with the Manual and blank books, and the teacher will simply designate by number the paper to be worked. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
