This type of publication is almost everything and helped me looking forward and much more. I am quite late in start reading this one, but better then never. You wont really feel monotony at whenever you want of your own time (that's what catalogs are for relating to if you ask me).

GRIN Verlag Feb 2010, 2010. Taschenbuch. Book Condition: Neu. 218x149x13 mm. This item is printed on demand - Print on Demand Neuware - Seminar paper from the year 2003 in the subject American Studies - Culture and Applied Geography, grade: 1, Ruhr-University of Bochum (Englisches Seminar), course: The Culture of the American Civil War, language: English, abstract: We are fortunate to have a lot of information about Schurz's life and political career in the United States from his own pen on the one side his Lebenserinnerungen (Reminiscences) and on the other side different letters he has written to his wife or his former fellow student Theodor Petrasch. He might already have known that he would turn so famous that his letters will be published and so he might have written down exactly the thoughts and stories the reader nowadays should read and remember. He might have reproduced only the world view the reader should get. I do not want to state that this compellingly is the fact, but one has to keep these assumptions in the back of his mind when relating to Schurz's letters and Reminiscences. It is also important to know that all of the letters Schurz had received and written to his...
