

Austerity in Britain: Rationing, Controls, and Consumption, 1939-1955 (Hardback)

Filesize: 6.67 MB

Reviews

Complete guideline for publication fans. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Llewellyn Terry)

Oxford University Press, United Kingdom, 2000. Hardback. Condition: New. New. Language: English . Brand New Book ***** Print on Demand *****.Austerity in Britain is the first book to explore the entire episode of rationing, austerity, and fair shares from 1939 until 1955. These policies were central to the British war effort and to post-war reconstruction. The book analyses the connections between government policy, consumption, gender, and party politics during and after the Second World War. The economic background to austerity, the policy's administration, and changes in consumption standards are examined. Rationing resulted in at times extensive black markets and popular attitudes to the policy ranged from wartime acquiescence to post-war discontent. Austerity in Britain qualifies the myth of common sacrifice on the home front and highlights the limitations of the fair-shares policy which failed to achieve genuine equality between classes or between men and women. The continuation of rationing and austerity policies after 1945 was central to party politics. Disaffection, particularly among women, undermined Labour's popularity while the Conservatives' critique of austerity was instrumental to the party's victories at the general elections of 1951 and 1955.
