Excerpt from President s Report for the Year Ending 30th June, 1923 The gift of Mrs. A. R. Clarke made it possible to establish and equip two of the clinical laboratories in the medical wards. These have been completed and a technician has been appointed by the hospital to take charge of one of them. The laboratory equipped for clinical chemical investigation has been of the greatest service to the staff in investigations carried out on the Insulin treatment of diabetes mellitus. In the sub-department of Pediatrics, it is noted that important problems of research have been conducted in the nutritional research laboratory of the Hospital for Sick Children by members of the staff under Dr. Alan Brown.
