Two parents from different cultures, principles and ideals in a marriage fraught with violence, alcohol and domestic abuse. By means of escapism she set out alone on a path into a world of vice, deceit and abuse. In every action there is a consequence, this book outlines the importance of family dynamics being applied correctly and failing to do so the aftermath that often follows. This book should be a warning to all Parents and vulnerable young teenagers alike. A highly, topical, debatable and educational book, highlighting the emotional cries for help and search for attachments, that were at best dysfunctional and at worse self-destructive. A must read that will impact on families as a whole and question the roles within it.
