

Biz Talk for Students (Paperback)

By Dylan Skinner

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Student. Language: English . Brand New Book ***** Print on Demand *****.Microsoft BizTalk Server (or simply BizTalk) is an Inter-Organizational Middleware System (IOMS) that enables companies to automate business processes, through the use of adapters which are tailored to communicate with different software systems used in an enterprise. Created by Microsoft, it provides enterprise application integration, business process automation, business-to-business communication, message broker and business activity monitoring. BizTalk Server was previously positioned as both an application server and an application integration server[clarify]. Microsoft changed this strategy when they released the AppFabric server which became their official application server. Research firm Gartner consider Microsoft s offering one of their Leaders for Application Integration Suites. While there is discussion of the product direction of BizTalk, especially with cloud software becoming more common, Microsoft continues to support and update the product and offer coverage at their popular conferences such as Worldwide Partner Conference. This updated and expanded second edition of Book provides a user-friendly introduction to the subject, Taking a clear structural framework, it guides the reader through the subject s core elements. A flowing writing style combines with the use of...
