

Powershell: The Beginner's Guide to Mastering the Powershell Command Line and Learning to Script Tasks Effortlessly (Paperback)

By Logan Styles

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Discover the Fastest and Easiest Way to Master the Powershell Command Line Powershell can be frustrating. Let's face it. As incredibly useful as it is, there are a number of peccadillos that can make one reluctant to use it. Limiting what gets returned from a function to the pipeline, understanding Powershell's unique language with respect to other shells, distributed task execution in an enterprise environment, working with Devops-these are just a few qualms I hear people have with Powershell. Well I'm here to put all these issues to rest. I've finally written the definitive guide on Powershell. It's meant to help you learn Powershell effortlessly-and with zero headaches. By the time you're done you'll find that Powershell is an amazing tool with limitless possibilities. For instance, you can easily change items with one simple line of code, make changes to a certain subset of items buried in thousands of others, and you can use objects to gather data or act on other objects that are related. So it's my mission to make...
