By M Heucher

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Magic Plants is an interesting historical look (written in 1700 no less) at past ages and the usage of herbs within a spiritual context. With references to astrology, the Aeslepiion, and other concepts, it is dense and detailed with references to many antiquated medical and philosophical minds. It combines this with a short witch trial manuscript involving two herbal references, apparently to display the torment which plagued the better medical minds of past ages.
