Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Poultry-Keeping and How to Make It Pay United Kingdom; an impetus and attention which cannot fail to be beneficial in the long run to the country at large. The beginner in poultry-keeping would be well advised to start with a few fowls rather than a large number. If he learns to manage half-a-dozen or a dozen in a manner advantageous, to himself and to the fowls, then he may safely go in for almost any number he pleases. There is more money to be made out of a dozen birds properly managed, than from twice that number kept in haphazard and more or less neglectful fashion. In poultry-keeping, as in almost everything else, there is a right and a wrong method, and if fowls are to pay, or be kept with success, they must be looked after in the right way.
