Brand New Book ***** Print on Demand *****.Stevie Roth gave up her chance at inter-dimensional adventure and settled for the ordinary world. She almost convinced herself she'd made the right decision, too. Until Weldon Marks, out-of-this-world goofball and totally delicious dork, shows up and reminds her exactly what she left behind. Suddenly she's back up to her neck in the insanity, and remembering exactly why she left. Weldon is acting cagey, his clone won't leave her alone, and the invisible man is leading an investigation that seems hellbent on spoiling any chance she has at keeping the one idiot in the universe she wants in her life for good. Her world has turned completely upside down, her favorite snake is missing, and Stevie's pretty sure the beat up box Weldon stashed in her living room hides something illegal in any dimension. If it does, she's going to strangle him. If he doesn't get himself killed first, that is.
