Scholarly Research Paper from the year 2013 in the subject Business economics - Business Management, Corporate Governance, grade: 1, 3, International Business School Nrnberg, language: English, abstract: The goal of this report is to provide a theoretical framework to analyse the current strategy of McDonalds in the hypercompetitive fast-food industry of the German market and the decline of guest count. In order to analyse the external and internal influences, this report will commence with Porters Five Forces and the SWOT analysis. It will provide an in- depth description of the positioning strategy as well as an analysis of the marketing and operations departments. In the second part of the report the reader will also achieve understanding on how business procedures can be changed in order to keep McDonalds of interest.
