ADVANCED METALLIZATION CONFERENCE 2005 (AMC 2005): VOLUME 21 (HARDBACK)

Materials Research Society, United States, 2006. Hardback. Condition: New. Language: English . Brand New Book. Technical leaders from around the world gather here to discuss developments in the areas of interconnect performance, advanced metallization, low-dielectric constant materials, barrier metallization, atomic layer deposition, advanced packaging and vertical integration. Both current state-of-the-art and ongoing challenges associated with multilevel interconnect are addressed. Included are papers on the latest developments in the integration of low-dielectric constant materials with copper-based metallization, and advances in the...

Reviews

Totally one of the better publication I have actually read through. It really is rally fascinating through studying time period. Its been printed in an extremely simple way and is particularly just following i finished reading through this ebook in which basically modified me, modify the way i think.

-- **Mrs. Maudie Weimann**

This composed publication is fantastic. I was able to comprehended everything using this composed e book. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Miss Ova Kuhn IV**

Completely among the finest publication I have got possibly read through. It really is rally exciting through reading through period. You are going to like how the writer compose this publication.
