Reviews

The publication is simple in go through preferable to fully grasp. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

GEOGRAPHY COLORING BOOK (PAPERBACK)

Pearson Education (US), United States, 2002. Paperback. Condition: New. 3rd edition. Language: English . Brand New Book. For introductory courses in Geography.This unique educational tool introduces the countries of the world and the states of the United States to students. Each section begins with a plate containing a political map, a physical map, and regional maps. Through active participation, by coloring in countries, rivers, regions, etc. (and their respective names), students gain a broader understanding of the material and retain more information. A highly effective, but also enjoyable, way to learn.
