Disinformation Company, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book. This book sheds light on those things that people in power--government, religious leaders, corporations, the rich and well connected--would just as soon wish you didn t know. To them secrets are power. And they ll do whatever it takes to keep them that way -- suppressing the truth and covering up facts that might make the rest of us angry enough to challenge the powerful or at least to have a good laugh at their expense. Using careful research and impeccable sources, Kick uncovers the hidden truth. For example, self-appointed censors warn constantly about the dangers of pornography, but the fact is that pornography has existed since the first cave people carved dirty pictures on the walls. It s also true that two atomic bombs were dropped on North Carolina--although we managed to avoid nuking Greenland, Texas, Canada, Britain and Spain; George Washington embezzled government funds; 1 of 10 people is not fathered by the man they believe is dad; Barbie is based on a German sex doll; The American colonists practiced cannibalism, and much more. This is a combined edition of 50 Things You re Not Supposed to Know, Volumes 1 and 2 first published in 2003 and 2004.
