AMERICAN ANCESTRY VOL. V

Bcr (Bibliographical Center for Research), United States, 2009. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.The Genealogy and Family History Collection is a unique set of materials that describes the histories and narratives of particular American families. The Collection brings to life pre-1923 books that contain information such as birth, death, marriage, property and migration records of specific families. Many of these families followed interesting migration and movement patterns from Western Europe and beyond to the United States well over 200 years ago. Included in these volumes is information such as last wills and testaments, period photographs of towns, buildings and landscapes, portraits of family members, and descriptions of business interactions. Encompassing such comprehensive and personal information, this collection will appeal to genealogists, family history researchers, as well as descendants and casual historians.
