University of Hawai i Press, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book. The Pacific has long been a space of conquest, exploration, fantasy, and resistance. Pacific Islanders had established civilisations and cultures of travel well before European explorers arrived, initiating centuries of upheaval and transformation. The twentieth century, with its various wars fought in and over the Pacific, is only the most recent era to witness military strife and economic competition. While Asia Pacific and Pacific Rim were late twentieth-century terms that dealt with the importance of the Pacific to the economic, political, and cultural arrangements that span Asia and the Americas, a new term has arisen-the transpacific. In the twenty-first century, U.S. efforts to dominate the ocean are symbolized not only in the Pacific pivot of American policy but also the development of a Transpacific Partnership. This partnership brings together a dozen countries-not including China-in a trade pact whose aim is to cement U.S. influence. That pact signals how the transpacific, up to now an academic term, has reached mass consciousness. Recognising the increasing importance of the transpacific as a word and concept, this anthology proposes a framework for transpacific studies that examines the flows of culture, capital, ideas, and labour across the Pacific. These flows involve Asia, the Americas, and the Pacific Islands. The introduction to the anthology by its editors, Janet Hoskins and Viet Thanh Nguyen, consider the advantages and limitations of models found in Asian studies, American studies, and Asian American studies for dealing with these flows. The editors argue that transpacific studies can draw from all three in order to provide a critical model for considering the geopolitical struggle over the Pacific, with its attendant possibilities for inequality and exploitation. Transpacific studies also sheds light on the cultural and political movements,...
