Reviews

A must buy book if you need to adding benefit. This is for anyone who statte that there had not been a well worth reading through. Its been designed in an exceptionally straightforward way which is simply right after i finished reading this book where basically changed me, change the way i think.

(Adrien Robel)

ROMAN VILLAS (PAPERBACK)

[DOWNLOAD](#)

Bloomsbury Publishing PLC, United Kingdom, 2008. Paperback. Condition: New. 5th New edition. Language: English . Brand New Book. To many people, villas symbolize the life of luxury in the countryside of Roman Britain: mosaics and wall paintings, dining rooms and sumptuous baths. As this book reveals, however, they were not simply the country houses of prosperous Britons who had learnt the ways of Rome; villas as farms were the most efficient means of producing both goods for market in the new towns and revenue for the tax collector. By exploring the villa estate, its management, fields, equipment, and outbuildings, Roman archaeological expert David E. Johnston differentiates those villas that may have been held by tenant farmers, managed by bailiffs for absentee landowners, or occupied as country homes of the wealthy elite. He considers the interdependence of villas and towns and examines the fate of their estates when Roman rule ended, drawing upon examples from sites that may be seen today, where the visitor may catch a glimpse of the richness and variety of life in the countryside of Roman Britain.
