For freshman/sophomore, 2 semester/2-3 quarter courses covering finite mathematics and/or calculus for students in business, economics, social sciences, or life sciences. Barnett/Ziegler/Byleen is designed to help students help themselves succeed in the course. This text offers more built-in guidance than any other on the market-with special emphasis on prerequisites skills-and a host of student-friendly features to help students catch up or learn on their own. The content is organized into three parts: (1) A Library of Elementary Functions (Chapters 1-2), (2) Finite Mathematics (Chapters 3-9), and (3) Calculus (Chapters 10-15). This program provides a better teaching and learning experience. Here s how: \* More than 6,900 exercises in the text help you craft the perfect assignments for your students, with plenty of support for prerequisite skills. \* Built-in guidance helps students help themselves learn course content. \* Flexible coverage allows instructors to use this text in a way that suits their syllabus and teaching style. MyMathLab not included. Students, if MyMathLab is a recommended/mandatory component of the course, please ask your instructor for the correct...
