Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Psychology and the Psychosis Intellect The central fact in Psychology is the Ego. This fact may also be called the Self, or the Person. The science of Psychology shows the unfolding of the Self, and in this aspect we may name it the science of the Person. At the heart of our science, therefore, we place Personality, which is truly the heart of all things. The universe without Person at its center would be not only meaningless, but impossible. Upon the infinite worth of the Person all education, all advancement of civilized society, the whole institutional world repose. Now, the Person is essentially self-unfolding, or rather is the unfolding of Self; it has an order, and hence there is a science of it, which is this order duly formulated.
