Reviews

Definitely one of the better book We have possibly read. We have read through and i also am certain that i am going to gonna study once again yet again in the foreseeable future. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Excerpt: .and fostering the taste which twines the roses round the cottage door. In the present state of agricultural England, some such means are certainly needed. No free-trader, with any pretension to candour, can deny that the farming interest is depressed. The admission involves no blame to free trade in the food of the people, which is not the less just because it may happen to inflict hardship upon certain classes. The fault may even lie in the farmers themselves, or in the landlords, or, as I should be disposed to say, in thirty years of unwise legislation; but, however this may be, the fact stands--agriculture is depressed. Even in a party sense the admission may be made with safety: for politically these poor farmers are undoubtedly beaten. After being led for the second time into the field, they find the old banner again lowered to the adversary before the firing of a single shot. They really are not any longer formidable. The aged lion has not so much as one surviving tooth, and it is the merest dictate of humanity that those whom he might have frightened for a moment should now put aside their fears, and look with pity and generous tenderness into the wounds with which he is evidently bleeding. The agricultural interest, then, generally speaking, is depressed, because for some time back this branch of industry has been a losing one. It can require no minute analysis of farming accounts to convince...
