BRAND NEW, Ginger: Common Spice and Wonder Drug, Paul Schulick, For thousands of years ginger has been one of the world's most favored spices and a major ingredient in Oriental remedies. Yet, ginger's precious healing values are still virtually unknown and ignored in the modern world. This book proposes that your spice cabinet contains a healing substance that is beyond the therapeutic scope of any modern drug; a substance with the potential to save billions of dollars and countless lives. Author Paul Schulick calls ginger "the universal medicine". His book surveys the ancient claims of ginger's effective health usage as these are verified by international medical research.
