HEALTH AND DISEASE BEGIN IN THE COLON: FEATURING: PROFESSOR SERGE JURASUNAS NATURAL MEDICINE. HEALTHCARE STRATEGY: INTRODUCING IRIDOLOGY, ANALYTIC BLOOD MICROSCOPY, MOLECULAR MARKERS TESTING AND THERAPEUTIC MICROBIOME AND COLON CARE, DETOX. (PAPERBACK)

Private Consultation, 2016. Paperback. Condition: New. English ed.. Language: English . Brand New Book ***** Print on Demand *****.The intestines are undoubtedly the key to our health since they provide not only a laboratory system that digests, transforms, and absorbs food nutrients but it also contains microflora which plays a key role to protect us against disease. Furthermore our intestines are called our second brain and are associated with a variety of neurological diseases. The book also explains about the genetic reflex syndrome existing between the intestines and many organs from new discoveries in embryology. It describes how auto-intoxication can have repercussions on the entire body which today can be profiled through iridology. Modern iridology is discussed together with new research by the author on apoptosis and the P53 tumor suppressor gene in association with the iris observation and cancer risk. A complete section illustrates iris clinical cases showing abnormal intestinal condition and disease reflex. The author is an internationally renowned and respected doctor of Naturopathic and Homeopathic medicine, a specialist in Complementary Oncology and molecular markers, with nearly 50 years of clinical experience. Easy to read, Health and Disease Begin in the Colon is at the leading edge of today's new health paradigm and is the new reference for all those who are interested in learning about early detection and prevention. It offers an understanding about the multiple causes of disease and shows how to prevent and treat them with diet and nutrition. The Author: In this unique textbook the author, an internationally recognized expert in Naturopathic Medicine and Oncology, describes his 50 years of personal experience treating patients and using Iridology and Analytic Blood Microscopy. A specialist in Molecular Markers, a researcher having pioneered many innovative theories and treatments, he offers real resources, gems of valuable and...
