Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from First Poems The child should be allowed to recite the simple lesson he has learned, and should not be harshly criticized or silenced by his elders, and if he studies lovingly and faithfully we may expect better things of him in the future. Bear this in mind, critic, and remember that the writer of these poems is only a child of Nature who realizes the immaturity of these her first poems. It is only after much hesitation that this little book is given to the public, for many of the poems in it were written in early childhood. Critics will no doubt discover abundance of mistakes, but is it too much to ask that these may be kindly overlooked, and that the readers will instead accept the lessons which the writer has tried to recite, and forgive the blundering way in which they are expressed? If the fragrance of a genuine love of Nature inspires those who read these first poems to love Nature more, to watch more closely her various moods, and to find hidden beauty in everything, they have accomplished their mission.
