The Katalambano (Ka tall um bon no) code name 187 is a secret militia that remains underground, designed by NATO. They summoned Suju and the Dynamic Trio to recruit men who were rejected and considered the scum of the earth. The few who are chosen will defend the world against Karkase, an evil terrorist organization that kills and mark the danger sign on its victims, determined to rule the world. The leader is Nicholas Styles, who is rejected from the military for failing a leadership school and was denied an appeal to retest because his RCP (Retention Code Period) has expired. He is recruited to serve in the militia. He learns that becoming a leader reflects great responsibility. Ecstasy is the leader of Karkase. He tries to deceive the world to focus on the Katalambano s (Ka tall um bon no) outward appearance. Although the militia was granted amnesty by NATO, society still visualizes them as the outcast. Their sole mission is to defend the world from terrorism.
