

## Environment, Society and the Black Death: An Interdisciplinary Approach to the Late-Medieval Crisis in Sweden

By -

Oxbow Books, United Kingdom, 2015. Paperback. Book Condition: New. 242 x 170 mm. Language: English . Brand New Book. In the mid-fourteenth century the Black Death ravaged Europe, leading to dramatic population drop and social upheavals. Recurring plague outbreaks together with social factors pushed Europe into a deep crisis that lasted for more than a century. The plague and the crisis, and in particular their short-term and long-term consequences for society, have been the matter of continuous debate. Most of the research so far has been based on the study of written sources, and the dominating perspective has been the one of economic history. A different approach is presented here by using evidence and techniques from archaeology and the natural sciences. Special focus is on environmental and social changes in the wake of the Black Death. Pollen and tree-ring data are used to gain new insights into farm abandonment and agricultural change, and to point to the important environmental and ecological consequences of the crisis. The archaeological record shows that the crisis was not only characterized by abandonment and decline, but also how families and households survived by swiftly developing new strategies during these uncertain times. Finally, stature and isotope...
