Enriched with over 50 illustrations, Brian Goedken competently takes the reader on an expertly-threaded and engaging journey to traverse an impossibly vast landscape of knowledge to search for God's existence. After laying a robust groundwork to establish a common platform of understanding, the odyssey initiates at the beginning of civilization some six thousand years in the past. The development of the three Great Religions-Judaism, Christianity, and Islam-is tracked through the adept use of archaeological,...
