Adding insult to injury, the victims are forced to take a backseat to the criminals rights as the politically corrupted criminal justice system victimizes them again. Tony Maldonado, an astute cop who is part of a highly trained team of dedicated detectives, takes you along on their action packed journey filled with corruption, intrigue, and killings in their quest for justice. After Tony and his team are faced with the murders of three local drug dealers in their idyllic South Florida coastal town, they realize the killer leaves evidence behind proving that the dead men were criminals. As the manhunt ensues they know the killer is a highly trained professional and there is more than one operating on a global scale. This page-turner will have you wondering whether the American system of justice is real or just a game of smoke and mirrors.
