

Scars of Karindas: Earth Was Once a Regular Planet (Paperback)

By Kamarion Miller

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.People tend to hold their empty glasses out dying of thirst for the answers of what is good and bad! This book was written in an attempt to fill that glass. Filling that glass to the top of the cup while simultaneously fueling the volcanic passions to do what's right until that volcano erupts. What's good and bad is the question of all creation. Our definition of good and bad is often our most common limitation. This leaves most of us just limited cowards, as we lay locked behind the bars of false definitions of good and bad more false definitions are what we see during visitation hours. It may be hard to admit, but most of us are truly locked behind those bars. But hopefully we will one day be released as we look between the bloody lines of Karindas's scars.
