Springer-Verlag New York Inc., United States, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Regardless of where we live, the management of the public sector impacts on our lives. For a government agency that provides a public service, striving for unreasonable benchmark targets for efficiency may lead to a deterioration of service quality, along with an increase in stress and job dissatisfaction for public sector employees. Slack performance targets may lead to gross inefficiency, poor quality of service, and low self-esteem for employees. Efficiency in the Public Sector is divided into two sections. The first is titled Issues in Public Sector Efficiency Evaluation and comprises of chapters 1-4. The second section is titled Efficiency Analysis in the Public Sector - Advances in Theory and Practice. This division is somewhat arbitrary, in the sense there are significant overlapping themes in both sections. However, it serves to separate chapters that can be characterised as dealing with broader issues (Section I), from chapters that can be characterised as focusing on specific theoretical problems and...
