Brand New Book ***** Print on Demand *****.Excerpt from Jewish and Christian Ethics: With a Criticism on Mahomedism And ye (Israel) are my witnesses. Is there a God besides me? Yea, there is no Rock, I know none. - Isaiah, xliv. 8. The most effective method oi counteracting an old and wide-spread error, is to show how and why it arose. Although a logical refutation, a priori, or an historical one from cause and effect, a posteriori, would have more weight with the thinker or lover of abstract ideas, -yet, for the majority at least, no method seems better than the first. Both the latter indeed are admirably used in the fine essay here presented to the reader, and the author ostensibly rests his case upon their provings; yet the whole tenor of his discourse undesignedly evolves the first in a remarkable degree. The reason of the origin of Christianity clearly comes out, and the splendor of those ethereal doctrines that it claims as its own, are traced in detail and with unerring accuracy to their true source - the then setting sun of Judaism. Even the real peculiarities of the new system, such as Justification by Faith, Freedom from the Law, c., are ably shown to be misapplications of old Rabbinical doctrines or traditions. We have had, within the past half century, many works exposing the delusions from which Christianity sprung; none of these, however, occupies exclusively that portion of the field of inquiry explored by this essay, chiefly, we suppose, because the writers lacked that knowledge of Hebrew literature, of the Talmud, and the still more recondite Cabalistic works with which Jews alone are conversant.
