*It is one of the most popular ebooks. It really is simplified but exciting in the fifty percent from the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.*

## THE ART OF LANDSCAPE PAINTING IN OIL COLOURS (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from The Art of Landscape Painting in Oil Colours The following pages treat of one branch of the Art of Oil Painting - that of imitating upon canvas, with fidelity and truth, the varied aspects of Nature, as they present themselves to the eye in Landscape. It is taken for granted that the pupil is so far acquainted with the general principles of Drawing and Perspective, as to be able to apply them with facility and certainty to the representation, in out line, of a given view or subject. This being the case, he will see principles and rules here laid down which will place within his reach the power of securing to himself one of the most delightful and agreeable accomplishments he can possess. These rules he will find compressed within moderate limits but he will find them also to be fully sufficient to ensure no mean proficiency in the practice of the Art, if he will apply himself to the pursuit with thoughtful diligence and patient assiduity. In order that the subject may be laid before him clearly and methodically, the matter is generally divided into three parts. The First Part consists of a description of the Implements and Materials used in the branch of Art here treated of. The Second Part contains a concise but clear explanation of the general Processes and Manipulations by which the various pictorial effects can be faithfully represented. The Third Part consists of an explanation of the Principles upon which a Landscape should be painted, and of the Mode of applying the processes and manipulations described in the previous part. About the Publisher Forgotten Books publishes hundreds of thousands of rare and...
