PROJECT BABY: HOW I SURVIVED IVF AND REMAINED PSYCHOLOGICALLY SOUND! (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Like many women today I reached a point in my life when I decided it would be a good time to start a family of my own. I assumed that pregnancy would just happen when I was ready. But it didn't. Choosing the IVF pathway, I tell my story of the emotional and psychological challenges I faced from the IVF journey itself, and of how these challenges impacted on my way of thinking and self-belief system. My confidence spiralled and alongside my eroded sense of self-worth, past experiences bubbled to the surface - experiences I had never truly accepted and moved on from. I have developed my own strategies and cognitive processes to deal with IVF issues and other emotional baggage . From recognising and understanding hormone logic, to asking myself the 5 Questions, I have survived IVF and emerged emotionally cleansed.
