Access 2002 For Dummies

By John Kaufeld, Kenny Kaufeld

John Wiley & Sons Inc. Paperback. Book Condition: new. BRAND NEW, Access 2002 For Dummies, John Kaufeld, Kenny Kaufeld, The truth is, the database is the computer world's best-kept secret that everyone really knows about. Everyone knows about them because everyone uses them -- from the little database you use to keep track of addresses and phone numbers on your computer to huge databases that banks use to house the financial information of millions of people. However, nobody talks about databases because they're so darned complicated to set up and use; quite frankly, nobody but the geeks who design and build them really know how they work! How does this apply to you? Well, being a normal human being (translation: not a computer geek), you probably have work to do. In fact, you may have lots of work piled up precariously around your office. Someone, possibly your boss (or, if you work at home, your Significant Other), suggested that a database may help you get more organized, eliminate the piles, and generally make the safety inspector happy. Good advice, except for the fact that you, like most other people, don't know thing-one about setting up a database. And you have...

Reviews

Unquestionably, this is actually the very best job by any publisher. It really is basic but unexpected situations within the 50 % from the book. I discovered this book from my dad and i advised this publication to discover.
-- Dr. Willis Walter

This publication will not be easy to get going on reading but really exciting to read through. it was writtern really perfectly and beneficial. I found out this pdf from my i and dad suggested this publication to find out.
-- Garrett Adams
