Excerpt from Biographical Memoirs of the Most Celebrated Physicians, Surgeons Etc; Etc: Who Have Contributed to the Advancement of Medical Science Rite maturos aperire partus. - Horit Whatever relates to the condition, safety, or happiness of that sex so beautifully described by the immortal poet as, last and best Of all God s works, creature in whom excell d Whatever can to sight or thought be form d Holy, divine, good, amiable, or sweet! and upon whom our greatest happiness may justly be said to depend, must merit the deepest attention and regard. The study of midwifery claims for its assistance the sciences of anatomy, physiology, surgery, and medicine, inasmuch as they relate to the formation and growth of the foetus, the changes which the several organs undergo during the process of gestation, and the various diseases incidental to the gravid state and to the earliest days of the infant. It is a branch of the most intense interest - involving, as it does, the safety of the fairest and most amiable part of creation. It was a study deemed by...

### Reviews

*Here is the greatest pdf i have got read through till now. It typically will not charge excessive. You wont really feel monotony at anytime of the time (that's what catalogs are for concerning when you question me).*
