ESSENTIAL MATHS FOR ENGINEERING AND CONSTRUCTION

CRC Press, 2011. Paperback. Book Condition: New. 12.9 x 19.8 cm. "Don't let your mathematical skills fail you! We all make mistakes; who doesn't? But they can be avoided when you understand why you make them. In engineering, construction and science exams, marks are often lost through carelessness or from not fully understanding the maths involved. When there are only a few marks on offer for a part of a question there may be full marks for a right answer..."
