Oxford University Press, United Kingdom, 2014. Paperback. Condition: New. Reprint. Language: English . Brand New Book. It reviews the trends of foreign direct investment, the opportunities and challenges raised by the emergence of China as buyer of the region's commodities and competitor in the world market, and the transformation of the Latin America from a region of immigration to one of massive emigration. Part IV deals with matters of productive development. At the aggregate level it analyzes issues of technological catching up and divergence as well as different perspectives on the poor...
