

## Semiperipheral Development and Foreign Policy: The Cases of Greece and Spain (Hardback)

Filesize: 1.67 MB

### **Reviews**

*An exceptional ebook along with the typeface employed was intriguing to see. It really is simplistic but surprises within the fifty percent of the ebook. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Taylor Francis Ltd, United Kingdom, 2003. Hardback. Condition: New. Language: English . Brand New Book. M. Fatih Tayfur s theoretical approach to foreign policy analysis represents a useful addition to a field that is under-theorized. It develops the world systems theory of Wallerstein and Arrighi, while offering a critical analysis of the systems theory of Waltz and Modelski. In applying his theory to two case studies, Tayfur offers a detailed account of the domestic and foreign policies of Greece and Spain after World War II. He illuminates in particular their turn from a foreign policy orientation towards the United States to a growing identification with, and eventual integration into, the European Community. This book is pertinent to a range of contemporary debates and suitable to feature on the reading lists of courses on foreign policy analysis and international political theory. In addition, students of comparative politics, political transition and Mediterranean studies, should find this book particularly useful.
