Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Deliverance of Jerusalem It must never be forgotten that the Syrian people are not Turks either ethnologically, linguistically, or in character and temperament. The Turks - as far as the original stock goes - are all of Turanian origin the Syrians are Semites, at least predominantly, with a mixture of Greek and other strains. As regards language, the language of the Turks, though written in Arabic characters, is in every way distinct from Arabic. Few Syrians outside Government circles in Palestine know Turkish, and. Their native language (arabic), of which they are justly proud, is banned by the Government, who transact all their business - or did before the war - in Turkish or French. Students at the Syrian Protestant College at Beirut wishing to get their government diplomas in medicine or, pharmacy, were not allowed to present themselves for examination in their own language but in Turkish or French. All legal documents had to be drawn up in Turkish. The Syrian having legal business had to engage an interpreter just as if he were a foreigner. The Turk never indeed ceased to treat the Syrians as a vanquished people, and the land as a conquered one. The Governors sent from Constantinople were almost without exception Turks and knew Only Turkish or French, sometimes indeed only the former. Their period of appointment was precarious and always short. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
