## BACTERIOPHAGE AGAINST FILAMENTOUS BACTERIA IN WASTEWATER

Bacteriophage against  
Filamentous Bacteria in  
Wastewater

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Activated sludge plants (ASP) are associated with the stable foaming problem worldwide. Apart from the physical and chemical treatment methods, biological treatment method have been least explored and may prove to be a novel and eco-friendly approach to tackle the problem of stable foam formation. In ASP Nocardia species are commonly found and are one of the major causes for forming sticky and stable foam. This book describes a piece of work...
