Brand New Book ***** Print on Demand *****.Do your students, friends, colleagues, or coworkers have difficulty understanding or demonstrating empathy toward individuals with disabilities? This program is a therapist's opportunity to facilitate empathy development toward individuals with disabilities through role play and group discussion. Disability 4 A Day is a program that gives participants, 1st grade thru college aged students and adults, the opportunity to walk in someone else's shoes by experiencing a physical disability for a full school or work day. This edition includes all required forms and step-by-step instructions that Speech/Language Pathologists, Occupational Therapists and Physical Therapists will need to implement the program in a school, clinical or community setting. Many students, school staff and community members have never had the opportunity to meet or interact with an individual with a disability in order to understand their struggles and strengths. This program will give the participant the opportunity to step in the shoes of someone who has physical challenges that affect their daily activities and routines. Ultimately, helping to focus on ability not disability!.
