

Intelligence and Intelligence Testing (Hardback)

By John Hattie, Richard B. Fletcher

Taylor Francis Ltd, United Kingdom, 2011. Hardback. Book Condition: New. New.. 234 x 162 mm. Language: English . Brand New Book ***** Print on Demand *****.Have you ever wondered what IQ is and how it is measured? Why is there such a premium placed on high IQ? What do we mean by intelligence? What does your IQ score mean? There can be no denying the enduring appeal of IQ over the last century. It is probably one of the most misunderstood yet highly researched psychological constructs ever. Such has been the controversy surrounding this topic that it is difficult to distinguish fact from fiction. Intelligence and Intelligence Testing is a text that aims to address that. This book examines the controversial psychological construct that is IQ, discussing and reviewing the history and current status of the research on intelligence and providing an overview of its development, measurement and use. From Galton, Spearman and Binet to the relatively recent controversy caused by the research of Herrnstein and Murray, this important book makes a major claim about the importance today of problem solving on demand as one of the key components of today's notions of intelligence. Chapters include coverage of: *...

Reviews

The book is fantastic and great. I have got read through and i am confident that i will planning to read yet again once again in the foreseeable future. I found out this book from my dad and i recommended this publication to discover.

-- Prof. Nicole Zieme

Totally among the best publication I have ever go through. This really is for all those who statte that there had not been a well worth studying. I am just very happy to let you know that this is actually the very best pdf we have go through inside my very own daily life and could be he very best ebook for actually.
