

The Blended Workbook: Learning to Design the Schools of our Future (Paperback)

By Michael B. Horn, Heather Staker

John Wiley Sons Inc, United States, 2017. Paperback. Condition: New. Workbook. Language: English . Brand New Book. Successfully implement a blended learning program with this step-by-step guide! The Blended Workbook: Learning to Design the Schools of Our Future is the practical companion to Blended: Using Disruptive Innovation to Improve Schools. Through real-world implementation exercises it will help you get the most out of the text. From understanding the basics of blended learning to fine-tuning your current program, this workbook gives you hands-on practice that will expand your knowledge base and help you develop a plan for your own classroom or school to create a student-centered education design that personalizes for all students. Key points drawn from over 50 case studies illustrate what works, what doesn't, and how to build a successful blended-learning program. This workbook's organizational structure allows you to jump in at any point to access field-tested exercises that will deepen your understanding of the design process. Blended learning is inspiring K-12 educators with an improved student experience that includes the best of face-to-face and online learning formats to personalize learning and deepen engagement. This workbook provides hands-on training exercises that help you design and implement...

Reviews

This is actually the finest pdf i have got study right up until now. It can be full of wisdom and knowledge Once you begin to read the book, it is extremely difficult to leave it before concluding.

The publication is easy in read better to understand. It is written in basic words and phrases rather than hard to understand. You won't truly feel monotony at anytime of your respective time (that's what catalogues are for about if you question me).
