Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Olive Schreiner (1855 - 1920) was a South African author, anti-war campaigner and intellectual. She is best remembered today for her novel *The Story of an African Farm* which has been highly acclaimed ever since its first publication in 1883 for the bold manner in which it dealt with some of the burning issues of the day, including agnosticism, existential independence, individualism and the professional aspirations of women; as well as its portrayal of the elemental nature of life on the colonial frontier. In more recent studies she has also been foregrounded as an apologist for those sidelined by the forces of British Imperialism, such as the Afrikaners, and later other South African groups like Blacks, Jews and Indians - to name but a few. Although she showed interest in socialism, pacifism, vegetarianism and feminism amongst other things, her true views escape restrictive categorisations. Her published works and other surviving writings promote implicit values like moderation, friendship and understanding amongst all peoples, avoiding the pitfalls of political radicalism which she consciously eschewed. Although she may be called a lifelong freethinker in terms of her Victorian background - as opposed to mainstream Christianity - she always remained true to the spirit of the Christian Bible and developed a secular version of the worldview of her missionary parents, with mystical elements.
