Reviews

This type of publication is almost everything and helped me looking forward and much more. I am quite late in start reading this one, but better then never. You wont really feel monotony at whenever you want of your own time (that's what catalogs are for relating to if you ask me).

Little, Brown Company, United States, 2016. Hardback. Condition: New. Language: English . Brand New Book. Collected here for the first time is every piece of short fiction from New York Times Bestseller Mira Grant s acclaimed Newsflesh series, with two new never-before-published novellas and all eight short works available for the first time in print. We had cured cancer. We had beaten the common cold. But in doing so we created something new, something terrible that no one could stop. The infection spread, a man-made virus taking over bodies and minds, filling them with one, unstoppable command.FEED. Mira Grant creates a chilling portrait of an America paralyzed with fear. No one leaves their houses and entire swaths of the country have been abandoned. And only the brave, the determined, or the very stupid, venture out into the wild.
